MARCOS DE DESARROLLO IT-1

Alejandro Viñán Bértoa Daniel Silva Iglesias Yago Mira Urdampilleta

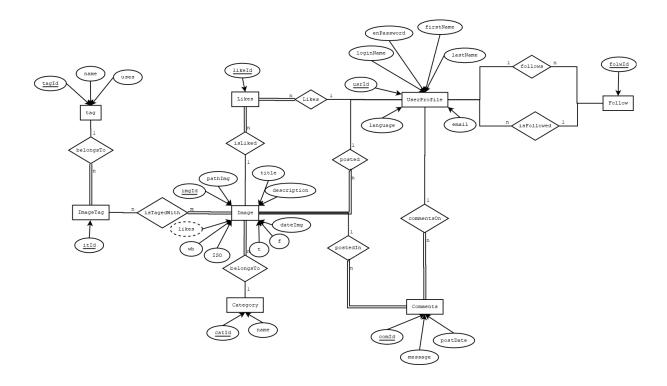

-ÍNDICE:

- 1. Arquitectura global
- 2. Modelo
 - 2.1 Clases persistentes
 - 2.2 Interfaces de los servicios
 - 2.3 Diseño de un DAO
 - 2.4 Diseño de un servicio del modelo
 - 2.5 Otros aspectos
- 3. Interfaz gráfica
- 4. Un apartado para la parte adicional
- 5. Compilación e instalación de la aplicación
- 6. Problemas conocidos

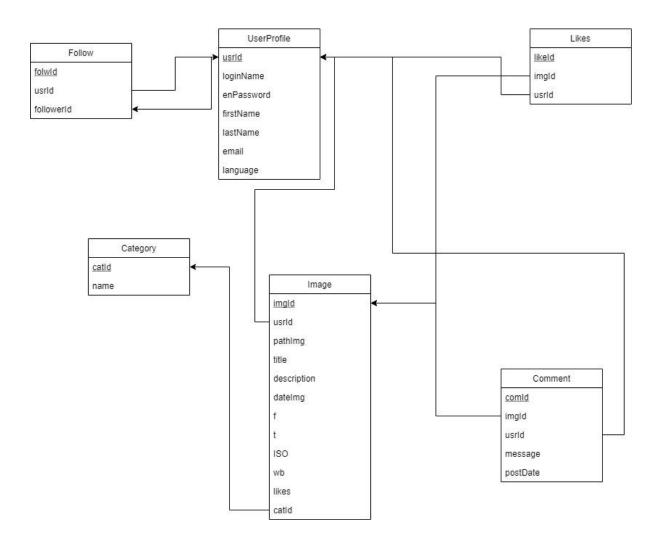

2. Modelo

2.1 Clases persistentes

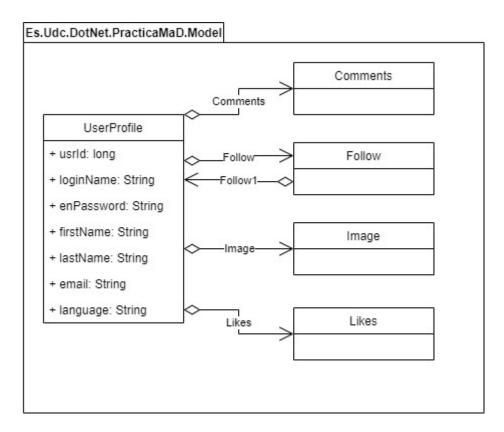

-MODELO E/R-

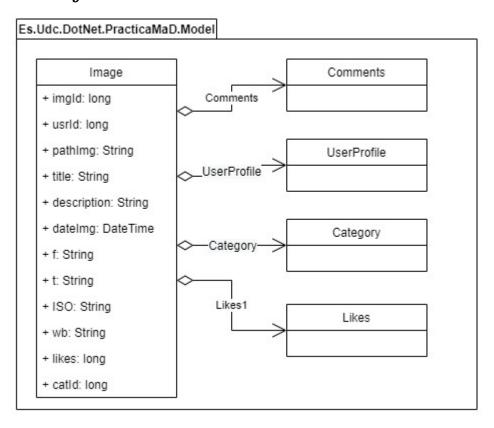

-MODELO RELACIONAL-

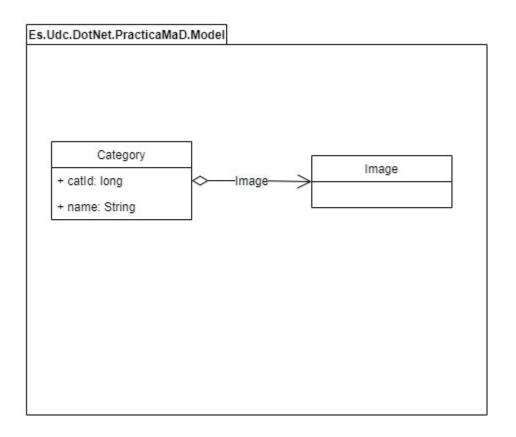

2.1.1 UserProfile

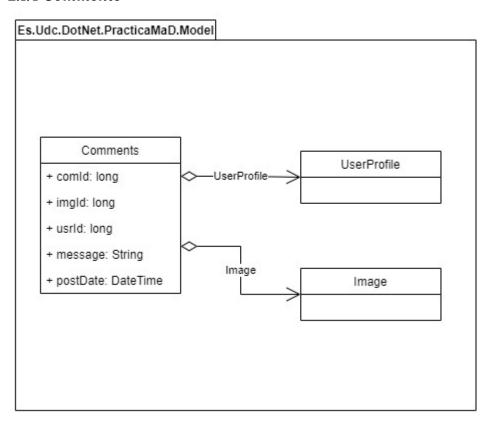

2.1.2 Image

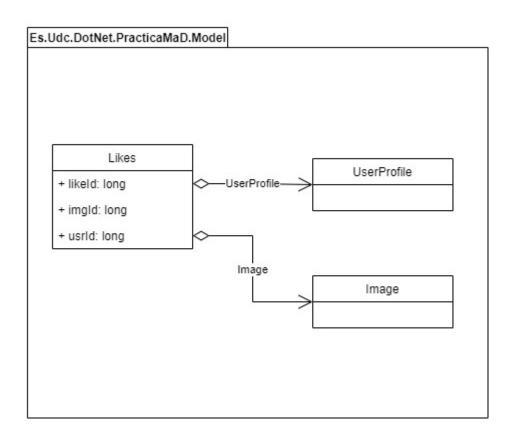

2.1.3 Category

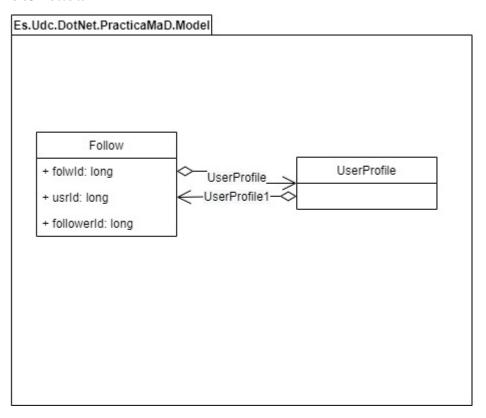

2.1.4 Comments

2.1.5 Likes

2.1.6 Follow

2.2 Interfaces de los servicios

2.2.1 ImageService

IlmageService

- PostImage(Image image): Image

+ SearchImages(keywords: string, category: string): ImageBlock

2.2.2 ImageRelatedService

Es. Udc. Dot Net. Practica MaD. Image Related Service

IlmagerRelatedService

- + Likelmage (Likes like): Likes
- + AddComment(Comments comment): Comments
 - + EditComment(comId: long, text: String): void
- + GetImageRelatedComments(imgld: long): List<Comments>

2.2.3 UserRelatedService

Es.Udc.DotNet.PracticaMaD.UserRelated Service

IUserRelatedService

- + FollowUser (usrld: long, follow: long): void
- + GetUserImages(userProfileId: long, startIndex: int, count: int): ImageBlock
 - + GetUserFollowers(userProfileId: long): List<Follow>
 - + GetUserFollows(userProfileId: long): List<UserProfile>

2.2.4 UserService

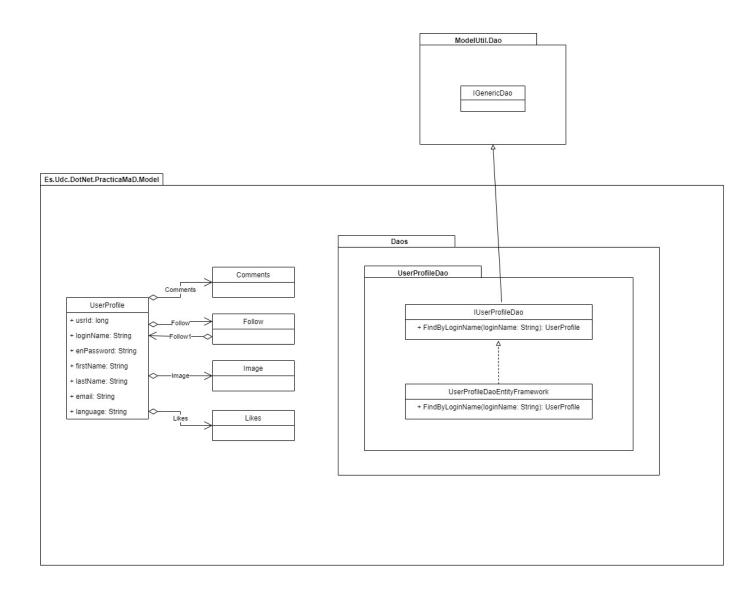

Es.Udc.DotNet.PracticaMaD.UserService

IUserService

- + ChangePassword(userProfileId: long, oldClearPassword: String, newClearPassword: String): void
 - + FindUserProfileDetails(userProfileId: long): UserProfileDetails
 - + Login(loginName: String, password: String, passwordIsEncrypted: Boolean): LoginResult
- + RegisterUser(loginName: String, clearPassword: String, userProfileDetails: UserProfileDetails): long
 - + UpdateUserProfileDetails(loginName: String, userProfileDetails: UserProfileDetails): void
 - + UserExists(loginName: String): bool

2.3 Diseño de un DAO

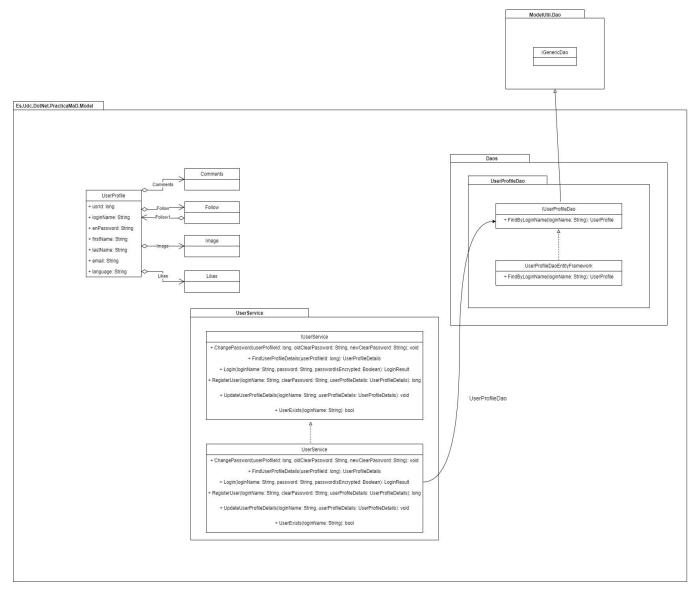

2.3.1 UserProfileDao

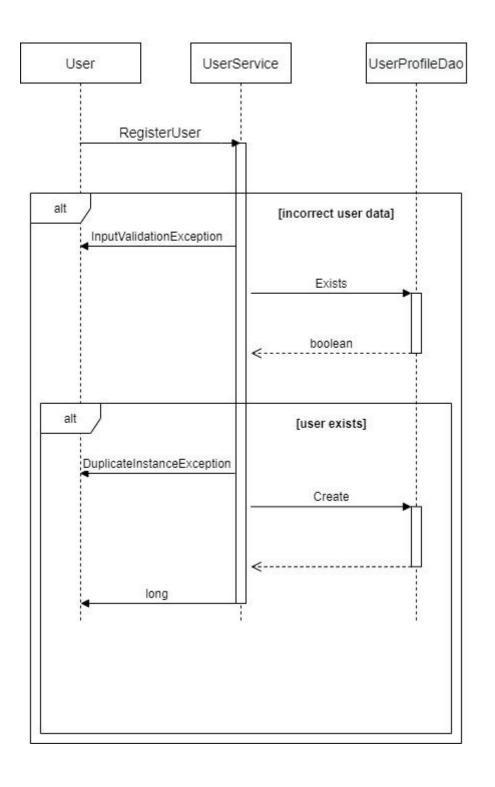

2.4 Diseño de un servicio del modelo

2.4.1 UserService

-DIAGRAMA DE CLASES-

-DIAGRAMA DE SECUENCIA-

2.5 Otros aspectos	
--------------------	--
